This Consent Decree ("Decree") is made and entered into by and among the United States of America ("the United States"), on behalf of itself and the Department of the Interior ("DOI"), in its capacity as natural resource trustee, and the Kansas Department of Health and Environment ("KDHE") and Roderick L. Bremby, Secretary of KDHE in his capacity as Trustee for state natural resources in Kansas (collectively, the "Plaintiffs"), and United States Steel Corporation ("Defendant").

I. INTRODUCTION

- A. The United States, on behalf of DOI in its capacity as natural resource trustee for Federal Natural Resources located within the State of Kansas and the KDHE and the Secretary of KDHE in his capacity as natural resource trustee for Natural Resources of the State of Kansas (collectively, the "Trustees"), concurrently with the filing of this Consent Decree, have filed a Complaint ("Complaint") in this action under Section 107 of this Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA") 42 U.S.C. § 9607, and various State laws, seeking, *inter alia*, recovery of Natural Resource Damages, including Damage Assessment Costs, for injury to, destruction of, and loss of Natural Resources resulting from releases into the environment of Hazardous Substances ("Hazardous Substances" includes any heavy metal or any compound, mixture, solution or substance containing any heavy metal) as the result of zinc smelting, including smelting or recovery of other heavy metals as by-products from ores smelted primarily for recovery of zinc.

- B. The Complaint alleges that Defendant was the successor to or otherwise legally responsible for the acts and omissions of persons who were the owners or operators of facilities or who arranged for disposal of Hazardous Substances any time prior to the Effective Date at facilities known as the Girard Zinc Works Site and the Cherokee Lanyon #2 Site both located in the area of Girard, Kansas, from which Plaintiffs allege there have been releases of Hazardous Substances into the environment that caused Natural Resource Damages.
- C. Numerous investigations have concluded that soil and sediment at the Girard Zinc Works Site and the Cherokee Lanyon #2 Site contain elevated levels of heavy metals, including but not limited to lead, cadmium, arsenic and zinc in such amounts as to cause injury to Natural Resources including, but not limited to, habitat loss, fish and macroinvertebrates in unnamed tributaries to Second Cow Creek, within the state of Kansas.
- D. Defendant shall pay or contribute towards payment of Natural Resource Damages, including but not limited to Damage Assessment, planning, restoration, management and oversight costs incurred and to be incurred by the Trustees in assessing the nature and extent of the injuries to Natural Resources and in overseeing the projects to be performed to restore those lost services to natural resources.
- E. The Parties recognize, and the Court by entering this Consent Decree finds, that this Consent Decree has been negotiated by the Parties in good faith, that implementation of this Consent Decree will avoid prolonged and complicated litigation between the Parties, and that this Consent Decree is fair, reasonable, and in the public interest.

NOW, THEREFORE, with the consent of the Parties to this Decree, it is hereby

ORDERED, ADJUDGED AND DECREED:

II. JURISDICTION AND VENUE

1. The Plaintiffs have alleged that this Court has jurisdiction over the subject matter of this action pursuant to 28 U.S.C. §§ 1331, 1345, and 1367, Sections 107 and 113(b) of CERCLA, 42 U.S.C. §§ 9607, 9613(b), K.S.A. 65-3452a *et seq.*, K.S.A. 65-3430 *et seq.*, K.S.A. 65-161 *et seq.*; that the Court has personal jurisdiction over Defendant; and that venue lies in this District pursuant to 28 U.S.C. § 1391(b), (c) and § 1395(a) and Section § 113(b) of CERCLA. 6. Defendant shall pay, within thirty (30) calendar days of the Effective Date, the amount of \$123,255 to the United States and the KDHE for Natural Resources Damages, and \$5,342 to the United States to reimburse the DOI for past costs associated with assessing Natural Resources Damages at the Sites. The payment of \$123,255 shall be used jointly by DOI and KDHE for the assessment, planning, restoration, acquisition and/or rehabilitation of the equivalent of the injured Natural Resources at the Site and long-term management of such lands in accordance with a final restoration plan to be developed by the KDHE and DOI's U.S. Fish and Wildlife Service. VII. COVENANT NOT TO SUE BY PLAINTIFFS

8. Except as specifically provided in Section VIII (Reservations of Rights) of this Decree, the United States covenants not to sue or to take administrative action against Defendant for Natural Resource Damages pursuant to CERCLA Section 107, 42 U.S.C. § 9607, or the Federal Water Pollution Control Act ("Clean Water Act"), 33 U.S.C. § 1321(f). This covenant not to sue shall take effect upon receipt of Defendant's payments pursuant to Section VI of this Consent Decree. This covenant not to sue is conditioned upon the satisfactory performance by Defendant of its obligations under this Consent Decree.
9. Except as specifically provided in Section VIII (Reservations of Rights) of this Decree, KDHE covenants not to sue or to take administrative action against Defendant for

Natural Resource Damages, K.S.A. 65 - 171u, or other federal or state laws. This covenant not to sue shall take effect upon receipt of Defendant's payments pursuant to Section VI of this Consent Decree. This covenant not to sue is conditioned upon satisfactory performance by Defendant of its obligations under this Consent Decree.

VIII. RESERVATION OF RIGHTS

10. Notwithstanding any other provision of this Decree, the United States and the KDHE reserve the right to institute proceedings against Defendant in this action or in a new action seeking recovery of Natural Resource Damages based on: (1) injury to, destruction of, or loss of Natural Resources resulting from conditions that were unknown to the Trustees as of the Date of Lodging of this Decree ("Unknown Conditions"), or (2) information received by the Trustees after the Date of Lodging of this Decree that indicates that there is injury to, destruction of, or loss of Natural Resources of a type unknown to the Trustees as of the Date of Lodging of this Decree ("New Information").
11. Notwithstanding any other provision of this Decree, the covenant not to sue in Section VII shall apply only to matters addressed in that Section ("matters addressed" in Section VII are Natural Resource Damages), and specifically shall not apply to the following claims:
 - a. claims based on a failure by Defendant to satisfy any requirement imposed upon it by this Decree;
 - b. claims for criminal liability;
 - c. liability for injunctive relief or administrative order enforcement under CERCLA
Section 106, 42 U.S.C. § 9606;

- d. liability under CERCLA Section 107(a)(4)(A), 42 U.S.C. § 9607(a)(4)(A), for costs of removal or remedial action incurred by the United States Government or a State or an Indian tribe;
 - e. liability under Section 107(a)(4)(D), 42 U.S.C. § 9607(a)(4)(D), for costs of any health assessment or health effects study carried out under 42 U.S.C. § 9604(i);
 - f. liability for any other costs incurred or to be incurred by the United States or by the State that are not within the definition of Natural Resource Damages;
 - g. liability for damages for injury to, destruction of, or loss of Natural Resources resulting from releases or threatened releases of Hazardous Substances outside of the Site; and
 - h. liability arising from any disposal of Hazardous Substances at the Site by Defendant after the lodging of this Consent Decree (excluding any disposal that may result from removal or remedial actions at the Site pursuant to, and consistent with the Consent Order issued by KDHE).
12. For purposes of Paragraph 11, “Unknown Conditions” or “New Information” shall not include or pertain to (i) a change only in Plaintiffs’ quantification of Natural Resource Damages arising out of the past and/or continuing releases of Hazardous Substances alleged by Plaintiffs in this action; nor (ii) a determination that a previously known injury was caused by the release of heavy metals not identified prior to the entry of this Decree.

IX. COVENANTS OF DEFENDANT

13. Defendant hereby covenants not to sue or to assert any administrative or legislative claims or causes of action against the United States or against the KDHE with respect to the payments required by this Decree, including, but not limited to:
 - a. Any direct or indirect Claim for reimbursement from the Hazardous Substance Superfund (established pursuant to the Internal Revenue Code, 26 U.S.C. § 9507) through CERCLA Sections §§ 106(b)(2), 107, 111, 112, 113 or any other provision of law;
 - b. Any claims against the United States, including any department, agency or instrumentality of the United States, or the KDHE under CERCLA Sections 107 or 113, relating to Natural Resource Damages; or
 - c. Any claims against the State of Kansas before the Kansas joint committee on special claims.
14. Nothing in this Decree shall be deemed to constitute approval or preauthorization of a claim within the meaning of Section 111 of CERCLA, 42 U.S.C. § 9611 or 40 C.F.R. § 300.700(d).
15. Defendant agrees not to assert any claims and to waive all claims or causes of action that it may have against all other persons for all matters relating to Natural Resource Damages, including for contribution; provided, however, that Defendant reserves the right to assert and pursue all claims, causes of action, and defenses relating to Natural Resource Damages against any person in the event such person first asserts, and for so long as such person pursues, any claim or cause of action against Defendant relating to Natural Resource Damages. Nothing in this Paragraph shall operate to waive or release

any claim or action by Defendant under any contract of insurance, all such insurance claims being hereby specifically reserved by Defendant.

X. EFFECT OF SETTLEMENT/CONTRIBUTION PROTECTION

16. Defendant does not admit any of the Plaintiffs' allegations of claims set forth herein and denies any liability set forth in the Complaint. Defendant does not admit and specifically denies the allegations in the Complaint that are referenced in Section I.B. of the Introduction hereof.
17. Nothing in this Consent Decree shall be construed to create any rights in, or grant any cause of action to, any person not a signatory to this Consent Decree. The preceding sentence shall not be construed to waive or nullify any rights that any person not a signatory to this Decree may have under applicable law. Each of the Parties, including Defendant, expressly reserves any and all rights (including, but not limited to, any right to contribution) defenses, claims, demands and causes of action that it may have against any person not a signatory hereto.
18. The Parties agree, and by entering this Consent Decree this Court finds, that Defendant is entitled, as of the Effective Date of this Consent Decree, to protection from contribution actions or claims as provided by Section 113(f)(2) of CERCLA, 42 U.S.C. § 9613(f)(2), for "matters addressed" in this Consent Decree. The "matters addressed" in this Consent Decree are Natural Resource Damages. Defendant agrees that, with respect to any suit or claim for contribution brought by them for matters related to this Consent Decree, it will notify the United States and the KDHE in writing no later than sixty (60) days prior to the initiation of such suit or claim, unless the giving of such advance notice would subject

such suit or claim to a defense that it is barred by the statute of limitations or other time-related defense.

19. Defendant also agrees that, with respect to any suit or claim for contribution brought against it for matters addressed in this Consent Decree, it will notify in writing the United States and the KDHE within ten (10) days of service of the complaint. In addition, Defendant shall notify the United States and the KDHE within ten (10) days of receipt of any Motion for Summary Judgment with respect to such a claim, and within ten (10) days of receipt of any order from a court setting such a case for trial.
20. In any subsequent administrative or judicial proceeding initiated by the United States or KDHE for injunctive relief, recovery of response costs, or other relief relating to the Site, Defendant shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, *res judicata*, collateral estoppel, issue preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by the United States or KDHE in the subsequent proceeding were or should have been brought in the instant case; provided, however, that nothing in this Paragraph affects the enforceability of the Covenant Not to Sue by Plaintiffs set forth in Section VII or limits the applicability or enforceability of any of the other provisions of this Consent Decree, including but not limited to Paragraph 13.

XI. PENALTIES FOR LATE PAYMENTS

21. If any payment required by Section VI is not made by the date specified in that Section, Defendant shall be liable for the following amounts for each day such payment is late:

<u>Days Late</u>	<u>Penalty</u>
1-14	\$2,000/day

15-60	\$3,000/day
Beyond 60 days	\$4,000/day

22. Payments due under the preceding Paragraph shall be disbursed to the Plaintiff to which late payment is owed. Stipulated penalties are due within thirty (30) days following receipt by Defendant of a written demand by Plaintiff or Plaintiffs for payment of such stipulated penalties.
23. Stipulated penalties owing to the United States shall, as directed by the United States, be paid by certified or cashier's check in the amount due payable to the "U.S. Department of Justice" and delivered to:

24. In addition to the stipulated penalties provided in this Section, if any payment required by Section VI of this Decree is not made by the date specified in that Section, Defendant shall be liable for Interest on the amount due.
25. In addition to the stipulated penalties and Interest as provided in this Section, if the payment required by Section VI of this Decree or the stipulated penalties provided for by

this Section are not made, Defendant shall be liable for any costs and attorneys' fees incurred by Plaintiffs in collecting any amounts owing.

26. Payments due under this Section shall be in addition to any other remedies or sanctions that may be available to the Plaintiffs on account of Defendant's failure to comply with the terms of this Decree.

No other document, nor any representation, inducement, agreement, understanding, or promise, constitutes any part of this Decree or the settlement it represents, nor shall it be used in construing the terms of this Decree.

XIV. TERMINATION

30. This Consent Decree shall terminate upon payment of the amount required by Section VI of this Decree, together with any outstanding stipulated penalties under Section XI of this Decree, except that the provisions and effect of Sections VII through X of this Consent Decree shall survive termination of the Decree.

XV. PUBLIC COMMENT

31. The Parties acknowledge that this Consent Decree will be subject to a public comment period of not less than thirty (30) days. Consequently, entry of the Decree after lodging shall be deferred to allow the time necessary for the United States and the KDHE to obtain and evaluate public comment on this Decree. The United States and the KDHE reserve the right to withdraw their consent to this Decree if comments received disclose facts or considerations that show that this Decree is inappropriate, improper, or inadequate. Defendant consents to the entry of this Decree by the Court without further notice. Defendant further agrees not to oppose entry of this Consent Decree by the Court or to challenge any provision of the Decree, unless either the United States or KDHE has notified Defendant in writing that it no longer supports entry of the Decree.
32. In the event that there is no Date of Final Approval of this Decree, this Decree and the settlement embodied herein is voidable at the direction of any Party, and the terms hereof may not be used as evidence in any litigation or other proceeding.
